What is My hero project?

The MY HERO Project uses media, art and technology to celebrate the best of humanity, one story at a time. We shine a light on positive role models to help students of all ages realize their own potential to make positive change in the world.

Heroes give us hope and inspiration, we learn from their example the importance of perseverance, courage, kindness and compassion. Positive role models help us understand our own ability to create positive change in the world. Through the website, media arts program, and festivals, The MY HERO Project inspires people of all ages to learn, create, and act in powerful, positive ways.
